Dear guests,

At Emilia's we love soul-warming comfort food. Everything we do revolves around the essence of Italian cuisine – freshness and simplicity. We believe Italian pasta should be served in a casual way with the generosity and warm welcome of previous generations. Just as Nonna would have done it. Our pasta, sauces and desserts are made fresh every morning in each of our restaurants with love and using only natural ingredients.

Our dishes are prepared with a respect for the tradition and techniques passed down by Italian Nonnas to their daughters and sons, drawing inspiration from the picturesque Tuscan hills to the ancient streets of Rome and the enchanting shores of Sicily. We add to that tradition by respecting the science and art behind the pairing of pasta shapes with the perfect sauces, ensuring that you get a full set of delicious flavours in every mouthful.

Essentially, we want to bring back memories of that warm tingling feeling in your stomach you got as a child when your Nonna cooked you a delicious bowl of pasta after coming home from playing outside. At Emilia's, we create happiness in a bowl using only natural, fresh and simple ingredients. We want to make freshly made pasta accessible for everyone to indulge in on a regular basis, just like Italians do.

Now all you have to do is enjoy your pasta... *Buon appetito!*
